

Parents/ carers info -

This week in school we would have been making jelly. If possible, please make a jelly with your child. Talk about each step of the process as you do it, using words such as solid, liquid, boil, heat, melt, dissolve, set, cool, stir, change.

Afterwards, cut out the pictures and ask your child to talk about and order them to show the steps of making jelly.

You could extend this by asking your child to write words, captions or sentences to go with each picture.

Making Jelly

Cut out the pictures and put them in the right order.
