

Good morning,

This worksheet will be used for the rest of the week and everyday the children will add to it. By Friday they will have written a full report on penguins.

Wednesday -Children think of questions that will be subheadings to write on the lines that say subheadings.

e.g. What do penguins eat?

What do penguins look like?

Encourage children to think of their own questions.

Thursday -Children will then write complete sentences to answer the subheadings using the information they have learnt over the past few days.

Friday -Children will draw a picture to add to the report to complete it.
